"Oneida County will be the healthiest county in New York State; this will be achieved by committed & innovative leaders & by an engaged community of all ages, cultures, & abilities that embraces the potential of the human spirit."

Our community will be characterized by:

Individual, organizational, and community responsibility for healthy choices and active lifestyles.

A vibrant, growing economy with increasing career opportunities for our youth.

Affordable, accessible, and quality health services.

The promotion and utilization of our abundant natural resources and individual talents.

A healthy, clean, and safe environment.

A holistic approach to health that encompasses physical, dental, mental, social, and spiritual needs and supports personal, family, and community values.

A diverse network of strong and accountable partnerships, programs, and services that evaluate their performance and use creative and effective strategies to improve quality of life.
